This is the recipe Kelley uses, if you think you could help make some please give her a call - 027 335 1495

Easy Russian Fudge

3 cups of sugar
1/2 cup milk
1/2 tin of condensed milk
125grams butter
3 T golden syrup

Put all ingredients in a pot and bring to the boil stirring all the time.

Let it boil for about 10 minutes without stirring - it should look golden in colour and be at the soft ball stage (drop a small blob into a glass of chilled water and you should be able to squish the fudge into a soft ball. If it is too runny, it is not ready, keep boiling)

Then remove from heat and beat for 5 minutes until it loses its shine.

Place in a dish lined with baking paper and let set in fridge.

Once set, can be cut up into squares (about 3cmx3cm) and put in ice cream containers (put grease proof paper between each layer to stop it all sticking together).

Freeze until needed. (Storage space available at school)
